

THE GROVE

AT CENTERTON

DEBUTING SPRING 2018

EXQUISITE
WEDDINGS

WEDDING PACKAGE OVERVIEW

THE GROVE AT CENTERTON will debut spring 2018 with a fresh new look that embraces its natural surroundings. Nestled in the woods of Parvin State Park in Pittsgrove's rich farm country, THE GROVE will celebrate a rustic design that is simple and elegant with traditional touches. Its country manor charm coupled with sensible menu options and polished service will be unique to any other wedding experience making it the most sought-after event destination in the region.

COMPLETE PACKAGES STARTING AT \$74+ PER PERSON

Let the journey begin... it all starts with a scenic ride through the countryside. The road guides you to a break in the woods where you are greeted by a long path flanked with fresh landscaping and whimsical up lighting. This leads to THE GROVE with a charming new facade and interiors. The welcome experience includes an impressive foyer with plush furnishings and statement fireplace in addition to a stylish bridal suite. A vaulted ceiling cocktail hour location then awaits with French doors that open completely to a beautifully manicured garden. With fire pit lounges and enchanted gas lanterns, this private haven is the perfect backdrop for a romantic outdoor wedding ceremony for 100 - 400 guests, pictures, cocktail hour or evening cordials under the stars.

The grand finale is the expansive ballroom with drop-crystal chandeliers set high above rustic wood floors throughout. Set with Chiavari chairs, neutral-toned floor length linens and classic white china, this reception space is simple and romantic with a touch of tradition to accommodate any wedding style or trend.
